Dear IAPSC Members,

We are pleased to share with you a project that has been developing for some time: The Security Consulting Body of Knowledge.

The IAPSC Board has determined that, in order to properly update the Certified Security Consultant (CSC) examination and any future Successful Security Consulting (SSC) courses, a validated foundation of the curriculum for both knowledge bases would be necessary. To this end, it was agreed that a "Body of Knowledge in Security Consulting" should be developed by an expert panel within the IAPSC.

Ron Heil

We are now seeking the help of the membership to share suggestions for this list of references by November 15 to iapsc@iapsc.org.
